Fort McCoy Memorandum 200-2

Installation Environmental Policy

HISTORY. This is the original printing of this memorandum.

SUMMARY. This memorandum provides the Fort McCoy Installation Commander's policy on the environment.

APPLICABILITY. This memorandum applies to all Fort McCoy garrison and tenant activities.

PROPONENT EXCEPTION AUTHORITY. The proponent of this regulation is the Directorate of Support Services, Fort McCoy.

SUGGESTED IMPROVEMENTS. Users are invited to send comments, suggested improvements, or updates on DA Form 2028 (Recommended Changes to Publications and Blank Forms) directly to the Directorate of Support Services (AFRC-FM-SSP-E), 2171 South 8th Avenue, Fort McCoy, WI 54656-5136.

DISTRIBUTION STATEMENT. This regulation is approved for public release; distribution is unlimited.

By Order of:

DANNY G. NOBLES
Colonel, EN
Commanding

OFFICIAL:

RICHARD A. GIVLER
Publications Manager
Information Management

SUPERSESSON. This memorandum does not replace any previous publication.

1. Fort McCoy's training and mobilization missions are dependent on a high quality environment and natural resources. It is the responsibility of everyone who works and trains on Fort McCoy to first and foremost successfully complete our missions, but at the same time maintain a healthy environment that will support today's and tomorrow's soldier.

2. In accomplishing our missions, it is Fort McCoy's policy to:

a. Foster the wise stewardship of our natural resources which will support and sustain:

(1) A realistic training environment.

(2) A productive operational base.

(3) The biological diversity of the land.

(4) When practical, commercial and recreational opportunities.

b. Make environmental compliance and pollution prevention an integral part of our operational processes.

c. Identify and complete the environmental requirements early in the planning process that lead to unimpeded construction projects and training activities.

d. Measure the effectiveness of our environmental management system and be dedicated to continual improvement and re-engineering principles.
